

Foaming Hand Rub

alcohol-free hand sanitiser liquid foaming rub is designed to foam through a foaming dispenser head and is just as effective at eliminating bacteria as Alcohol based products and works effectively against all known viruses.

- British made
- Non-flammable
- Certified to Bs EN1500, EN1276 and EN14476 (same as the alcohol based version)
- Available in raspberry scent as standard, or in a range of other scents including the very popular citrus fragrance.
- Food safe, non-sticky, vegan and halal
- Effective killer of bacteria and viruses on hands for up to 3 hours after application
- Foaming formulation, lasts longer and is pleasant to use
